Volkswagen Canada Suspends Sales of Vehicles Named in US EPA Notice

--

Vehicles Equipped with 2.0TDI Engine Affected

AJAX, ON – September 22, 2015 — Volkswagen Canada has implemented a “stop sale order” on all vehicles affected by the recent US EPA Notice of Violation.

As a result, dealers will refrain from the sale and delivery of any new Golf, Golf Sportwagon, Jetta, Beetle and Passat model equipped with a 2.0 TDI (Diesel) engine until further notice. Also within the stop sale order are Certified pre-owned vehicles from model year 2009 onwards, when equipped with the same engine.

Volkswagen Canada is working with representatives from Volkswagen of America, as well as our parent company in Germany to seek a resolution to the issues brought forth in the EPA notice.

We are implementing numerous temporary measures to limit customer inconvenience and facilitate a clear and timely flow of information.

About Volkswagen Canada:

Founded in 1952, Volkswagen Canada is headquartered in Ajax, Ontario. It is the largest volume European automotive nameplate in Canada, and sells the Golf, Golf Sportwagon, Golf GTI, Golf R, Beetle, Jetta, Eos, Passat, CC, Tiguan, and Touareg through 136 independent Canadian Dealers. It forms part of Volkswagen Group Canada Inc., a subsidiary of Volkswagen AG headquartered in Wolfsburg, Germany.

Volkswagen is one of the world's largest producers of passenger cars and is Europe's largest automaker.
