## Volkswagen Group Canada Certified as 2019 Top Employer

**AJAX, ON** — Volkswagen Group Canada Inc. (VGCA) has been certified as a Top Employer for 2019 after a company-wide audit by an independent third-party. VGCA is one of 23 North American employers to receive this acknowledgement from the Top Employers Institute, a global independent human resources certification company. Volkswagen of America, Inc. and Volkswagen Mexico have also been recognized with this distinction.

The annual, international research recognizes employers around the world who successfully achieve the required standards for top employment practices and working conditions. To be certified as a Top Employer, 600 working condition practices and indicators are assessed and validated. The Top Employer Institute has certified and recognized more than 1,500 Top Employers in 118 countries across five continents since 1991.

The Top Employer Institute evaluations span over ten key areas: talent strategy, workforce planning, talent acquisition, on-boarding, learning and development, performance management, leadership development, career and succession management, compensation and benefits, and culture.

"We view this recognition as testimony of VGCA's commitment to continuing to build a positive company culture and fostering a great place to work for our employees," said Daniel Weissland, President and CEO of VGCA. "This reinforces our commitment to continue to enhance the employee experience for the talented people who choose to work for VGCA."
