## **VOLKSWAGEN CANADA SHOWCASES ALL-NEW 2020 PASSAT AT MONTREAL AUTO SHOW**

---

- **Bold new styling featuring coupe-like roofline and prominent grille design**
  - **Spacious interior featuring new dash design and premium materials**
  - **2.0 liter TSI® engine boosts torque to 206 lb-ft**
- 

**Ajax** – When fans of the Passat were asked what they wanted in the next generation model, calls for more of the same great size and comfort along with a dash of flair came out, and Volkswagen has delivered on that request.

The new 2020 Passat is now available at Volkswagen dealers in Canada and features an all-new exterior, with only the roof panel remaining from the previous model. The bold styling lends the Passat a simplified elegance, and the coupe-like roofline helps it stand out in a crowd.

The front end includes a prominent grille design, framed by slimmer LED headlamps and a strong hoodline. The long (2804 mm) wheelbase allows for a dramatic profile, and a sharp tornado line, giving the Passat a well-planted look on the road. At the rear, LED taillamps are bisected by a large chrome trim panel featuring the model name script in bold typeface. The Passat was designed with long-lasting sophisticated good looks in mind.

Inside, the new cockpit design features a horizontal theme that emphasizes interior space. Elements such as the air vents, instrument panel and infotainment display have all been integrated in a contemporary layout, further adding to the upscale ambiance.

The new Passat will be available in three trim levels, Comfortline, Highline and Execline, all offering generous equipment levels and allowing the customer to choose their level of appointments.

All models will be powered by a standard 2.0 litre turbocharged engine which now produces 206 lb-ft of torque; an increase of 22 lb -ft over the previous model. Coupled with the six-speed automatic transmission with Tiptronic, the drivetrain makes for a comfortable driving experience both within and outside the city. The four wheel independent suspension has

**Volkswagen**

been designed with all of the dynamic traits expected from a Volkswagen, and provides a no-compromise balance between comfort and sportiness.

KESY keyless access with push-button start is standard on all trim levels, as is App-Connect smartphone integration with Apple CarPlay, Android Auto and Mirror Link.

A range of safety systems including Front Assist, Side Assist and Adaptive Cruise control are available on various trim levels, along with Fender Premium Audio.

Models with the R-Line appearance package feature more aggressive front end treatment which includes a unique bumper with C-signature air intakes in gloss black, vertical chrome stripes in the grille, black window surrounds a rear diffuser and spoiler and striking, 19 inch two-tone alloy wheels.

The new Passat is available now from \$27,145.
